

### Invitation to Exhibit

Dear Partner,

With great pleasure we are inviting you to present your company and your technologies in one of the fastest growing and most innovative European regions. Unlock the heart of Europe and use an interesting mixture of the most prominent speakers and decision makers from Europe, Asia, Africa and America. During the ICAT 2008 conference, which is accompanied by the exhibition, the newest research achievements and examples of industrial use of Rapid Manufacturing in Airbus, BMW, Siemens will be presented. The whole event will take place from 16th to 18th of September 2008 at Grand Hotel Primus in Ptuj, Slovenia, starting with the Rapid Manufacturing Platform meeting on September 16<sup>th</sup>. An associated Rapid Manufacturing Platform meeting and the conference itself will be meeting points for top experts and users in the field of Additive Manufacturing. Around 200 attendees are expected. Please check the details about the ICAT 2008 conference at: <http://www.rapiman.net/>.

A Special Exhibition Room has been secured for the exhibition with a layout as shown below. The room is located in the hotel lobby next to the main Conference Room entrance.

Booth reservation and any additional info are available at: [info@rapiman.net](mailto:info@rapiman.net).

We look forward to meeting you at ICAT 2008.

Best regards,

Dr. Igor Drstvensek
